Actions Taken at the Governorate and Municipal Level

Isolation centers approved by The Committee for the Follow up on Coronavirus Preventive Measures and Procedures

Thursday, April 30, 2020

The committee responsible for specifying potential isolation centers includes an officer from the General Secretariat of the Supreme Council of Defense, a medical doctor in the army, an engineer from the army, and a representative from the Order of Nurses in Lebanon.

The committee aims to inspect possible isolation centers in coordination with the concerned governorates and municipalities.

The National Committee recommended that governors and municipalities should monitor the implementation and operation of refugees' isolation centers that were approved in coordination with the Ministry of Public Health, the Ministry of Social Affairs, the Ministry of Interior and Municipalities, the United Nations High Commissioner for Refugees (UNHCR) and the United Nations Relief and Works Agency for Palestine Refugees (UNRWA) and through following the reference manual for the management of isolation centers that have been circulated by the Ministry of Interior and Municipalities.

Governorate	Number of isolation centers	Number of isolation centers for refugees
Mount Lebanon	17	1
North	2	
South	4	2
Akkar	11	2
Bekaa	10	4
Beirut		1
Total	44	10

Governorate	Level of commitment to the decision to close all businesses	Sectors violating closure decision
Beirut	50%	Commercial stores, private businesses, gatherings, protests, gatherings in front of banks and ATM machines, violating the car mobility decision

- The link for expatriate students: <https://mfa.gov.lb/arabic/students-abroad>

Lebanese Red Cross

- 981 new suspected cases were transferred to hospitals (6 new cases)
- 1,315 trained paramedics (33 new)

Security services (Internal Security Forces, General Security, State Security, Army, General Directorate of Civil Defense)

- The Lebanese army and other security services implemented strict measures on all Lebanese territory to ensure public mobilization.
- The army closed 5 shops, dispersed 9 public gatherings. The army also supported a number of municipalities in implementing precautionary measures. The army also shared the names of the 76 blocked roads by the municipalities. Also, the army distributed food units to families in need.
- General Security Forces followed up on the airport's set regulations for the return of Lebanese expatriates to their homeland and tracked potential cases in various Lebanese regions and ensured that they're adhering to the terms of home isolation. In addition, they dispersed several gatherings and aided several municipalities in issuing several written warnings to institutions and individuals that did not adhere to the decisions of the Council of Ministers. The forces also followed up on the return of 200 Lebanese citizens through the Al-Masna and Al-Aboudieh borders, Syria, in coordination with the Ministry of Public Health, the Ministry of Public Works and Transport, the General Directorate of the Internal Security Forces, the Lebanese Army and the Red Cross.
- ISF issued 563 fines, 412 were directed at cars that violated the car mobility decision, 148 were directed at individuals and 3 were directed at institutions that violated the public mobilization decision.
- The General Directorate of Civil Defense carried out 8 transportation mission for dialysis patients to hospitals based on the Minister of Interior and Municipalities Decision No. 479/2020. It also prepared 427 personnel and 67 ambulances, to interfere, when necessary, and transport those infected with the emerging coronavirus. The directorate also carried out sterilization missions in public and private areas that were excluded from the decision to close.
- State Security Forces visited different Lebanese regions and closed a number of shops. The forces also issued a number of warnings and followed up on cases in home isolations and announced that the extend to which both the Beirut and north governorates are following the public mobilization decision decreased by 50%.

Ministry of Interior and Municipalities

- Implemented the extension of the general mobilization procedures according to the decision of the Council of Ministers that was issued on 5/5/2020 and that will remain active until 24/5/2020.
- The Ministry issued Memorandum No. 48 on 2/5/2020 regarding the implementation of the second stage of opening institutions according to the decision of the Council of Ministers, which started on Monday 4/4/2020. the memo specified the opening hours for restaurants, provided that the percentage of customers does not exceed 30%, Barbers, car showrooms and car dealerships, with an emphasis on adhering to safety standards and the necessary preventive measures.
- Application of Memorandum No. 46 / 2020 issued by the

Ministry on April 25/2020 related to amending the opening and closing times of industrial and commercial establishments according to Decree 6296 released on April 24-2020 (factories, wholesale markets, retail stores, Free professions, merchants and public transportation mechanisms)

- The Ministry issued the instructions for the electronic joint platform for municipalities (IMPACT) for evaluation, coordination and follow-up in order to facilitate the follow-up of health, social and security issues resulting from the coronavirus outbreak. The project is a partnership between the ministries of the Interior and Municipalities, Public Health, and Social Affairs and with the National Operations Room <https://cp.interior.gov.lb>
- Issued circular No. 6476 on 4/5/2020 specifying the need of sharing the name of the responsible municipality or the Union of Municipalities without mentioning any member's name when sharing food vouchers and food boxes.

Ministry of Social Affairs

- The Ministry of Social Affairs, in cooperation with the Ministry of Interior and Municipalities, is completing the implementation of the first phase of the social emergency plan approved by the Lebanese government to help the poorest families in Lebanon. The army has finished distributing aid to families of public school students and those affected by mines. Additionally, the distribution of aid to drivers of public cars will end in the next 48 hours. As for the poorest families, aid will be distributed to them starting Tuesday May 5.
- The Ministry of Affairs continuously checks all social services centers, care centers and health centers to ensure continuity in the provision of services to citizens, and to ensure that those in charge of the centers and their workers adhere to all safety standards and preventive measures required to counter the spread of the virus.

Ministry of Education and Higher Education

- The Director General of Education, Head of the Examining Committee, issued a memorandum regarding the extension of the deadline for accepting candidacy for the official exams for the year 2020 for high schools and public and private schools to 30/6/2020.

Ministry of Agriculture

- The Ministry of Agriculture is working to secure food by organizing the export of some agricultural and animal products in order to ensure that the Lebanese consumer is the first beneficiary of the product before it is exported.

General Directions and Recommendations

General Directions and Recommendations

- Implement the decisions issued by the Presidency of the Council of Ministers at the level of public and private institutions and municipalities.
- Stay at home and don't go out unless it is necessary.
- Frequently wash hands and follow all safety measures set by the Ministry of Public Health.
- Avoid crowded places and social contact and commit to a safe distance between individuals.
- Seek medical care if you feel fever, cough and difficulty of breathes. Call the Ministry of Public Health hotline 1214 or 01-594459

Risks that Might Result in the Rapid Spread of the Virus

- Lack of adherence to the medical advisories.
- Disrespecting to compulsory home quarantine.
- The spread of the virus in crowded places.
- Allowing gatherings to take place

Notes:

- The airport: All arrivals through Rafic Hariri International Airport are subject to health and security measures approved in the plan for the return of Lebanese expatriates by the Ministry of Public Health, the General Directorate of General Security and the General Directorate of Civil Aviation.
- Ports: Before allowing any vessel to enter the campus's harbor, the entire crew of the vessel is examined by a device approved by the Ministry of Public Health to ensure that there are no infections.

Objectives of the National Operations Room

The National Operations Room works on coordinating efforts in order to accomplish the following goals:

- First Objective: Control the spread of the virus through the application of precautionary measures, minimize direct contact among people, and increase awareness of the population and access to information.
- Second Objective: Ensure the continuity of services at the national level and adopt and encourage remote working.
- Third Objective: Increase health sector capacity by continuously assessing available resources, gaps and look for funding and technical assistance to build up capacities and case management.
